Silk Sonic - *Love's Train*

Amy Winehouse - *Tears Dry on Their Own*

Sammy Rae & The Friends - *Talk It Up*

After the heart-breaking desertion of our saxophonist, band 5 decided that we would not abandon our dreams of a swinging brass section. Hence the birth of No Sax, bringing you a groovy mix of upbeat funk, Jackson 5 and Amy Winehouse, culminating in Sammy Rae's classic 'Talk It Up'. Sporting a 50% ginger rhythm section, we present to you El Clarke on bass and George Pilling on guitar, Chun Yin Chan and Miriam Roberts on keys, Lila Skeet on kit, and our singers: Lydia-Faith Smith, Aimee Harris, and Flora Jones. We hope you enjoy!

We are Little Percussive Phil! We're a mixed-genre band loving all music and hoping to bring something for everyone tonight. Our vibrant horns section with Lily and Heath, our locked down rhythm section with Brodie and Ben, harmony with Will and Laura; last but not least our vocals Liberty and Kalila all can't wait to get on stage. We've taken so much pride in the work we've put into our covers and arrangements of tonight's set list and hope you enjoy them as much as we do!
